In addition, we have taken the following measures...

- **Wider Aisle Space:** In key areas, we have widened aisles and instituted new traffic patterns in both the greenhouses and retail store area.
- **Checkout:** Installation of plexiglass shields at each register.
- **Carts:** Sanitation wipes or spray is available for all shopping carts.
- **Regularly disinfecting:** Routine sanitation of high touch areas, including checkout counters, shopping carts and bathrooms.
- **Employees:** Are required to wear face masks or face coverings, taking all necessary safety precautions, washing their hands more often and staying home should they not feel well.
