

DIRECTIONS FOR USE

1. Warm tube to room temperature before opening.
2. Slowly pull out ribbon in a twirling motion. Cap will pop out. Remove thumbtack and save for hanging.
3. Keep away from direct sunlight and drafts.
4. For best results use all ribbons at the same time.

DISPOSAL:

When full of flies, remove from ceiling and throw into trash. Clean up the non-toxic glue with peanut butter or vegetable oil.

INSTRUCCIONES DE USO

1. Caliente el tubo a temperatura ambiente antes de abrir.
2. Jale lentamente la cinta, torciendo. La tapa saltará. Retire la chincheta y consérvela para colgar.
3. Mantenga alejado de la luz directa del sol y de las corrientes de aire.
4. Para mejores resultados, utilice las 5 cintas al mismo tiempo.
